Train the Trainer Toolkit

Creating a training session from scratch takes a lot of time. Why not copy our notes instead? We have already done the hard work for you.

Our Train the Trainer Toolkit is the perfect way for you to either supplement your current in-person workshops or quickly create a brand new workshop without spending a lot of time.

Developed by a team of experts in human resources, training, and employment law, our toolkit includes an electronic PowerPoint presentation for you, electronic case studies and learner exercises for you to distribute as learner handouts, and a DVD of workplace scenes.

Our DVD has an easy-to-navigate homepage containing 9 to 13 professional quality video vignettes. About 1 minute each, the videos include informative and memorable scenes that illustrate the most significant topics in each of the following workshops:

1. Preventing Harassment in the Workplace
2. EEO: Preventing Discrimination
3. Lawful Terminations
4. Fostering Diversity
5. Preventing Disability Discrimination

Additionally, we provide you with a customizable, soft copy version of our PowerPoint slides and learner exercises so that you can quickly and easily tailor your own workshop on any of the topics listed above.
